

## Epidural Steroid Injections (ESI)

### Interlaminar ESI

Cervical or Thoracic, with fluoro/CT	62321
Lumbar, Sacral, Caudal, with fluoro/CT	62323

### Transforaminal ESI

Cervical or Thoracic (first level)	64479
Cervical or Thoracic (each additional level)	64480
Lumbar or Sacral (first level)	64483
Lumbar or Sacral (each additional level)	64484

(Modifier “-50” should be used after the CPT code for all bilateral procedures)

## Facet Joint Procedures

### Intra-articular Joint and Medial Branch Block

Cervical or Thoracic (first level)	64490
Cervical or Thoracic (second level)	64491
Cervical or Thoracic (third level)	64492
Lumbar or Sacral (first level)	64493
Lumbar or Sacral (second level)	64494
Lumbar or Sacral (third level)	64495

## Radiofrequency Ablation (RFA)/ Facet Denervation

Cervical or Thoracic (first joint)	64633
Cervical or Thoracic (each additional joint)	64634
Lumbar or Sacral (first joint)	64635
Lumbar or Sacral (each additional joint)	64636

## Sacroiliac (SI) Joint Procedures

### Sacroiliac Joint Injection

SI joint injection with fluoroscopy	27096
SI joint injection with ultrasound	20552 & 76942
<b>New!</b> Nerves innervating the Sacroiliac joint	64451
<b>New!</b> RFA nerves innervating the SI joint	64625

## Genicular Nerves Procedures

<b>New!</b> Genicular nerve branches	64454
<b>New!</b> RFA genicular nerve branches, including	64624

## Joint and Bursa Injections

Major Joint or Bursa	20610
Intermediate Joint or Bursa	20605
Minor Joint or Bursa	20600
Fluoroscopic needle guidance (non-spinal)	77002

## Muscle, Ligament, and Tendon Injections

Carpal tunnel injection	20526
Trigger point injection (1 or 2 muscles)	20552
Trigger point injection (3 or more muscles)	20553
Ligament or tendon injection	20550
Intramuscular injection	96372
Fluoroscopic needle guidance (non-spinal)	77002

## Nerve Block Procedures

Axillary nerve	64417
Brachial plexus	64415
Brachial plexus, with catheter	64416
Celiac plexus	64530
Femoral nerve	64447
Femoral nerve, with catheter	64447

<b>New!</b> Genicular nerve branches	64454
Greater occipital nerve block	64405
Ilioinguinal and Iliohypogastric nerves	64425
Intercostal nerve (one level)	64420
Intercostal nerve (multiple levels)	64421
Lumbar plexus	64449
Morton's neuroma	64455
Paravertebral sympathetic block	64520
Pudendal nerve	64430
<b>New!</b> Nerves innervating the Sacroiliac joint	64451
Sciatic nerve	64445
Sciatic nerve, with catheter	64446
Sphenopalatine block	64505
Stellate ganglion block (cervical sympathetic block)	64510
Superior hypogastric plexus	64517
Suprascapular nerve	64418
Trigeminal nerve, each branch (ophthalmic, maxillary, mandibular)	64400
Vagus nerve	64408
Other peripheral nerve	64450

## Additional Codes and Modifiers

Epidural blood patch	62273
Fluoroscopic needle guidance (spinal)	77003

Fluoroscopic needle guidance (non-spinal)	77002
Bilateral procedure modifier after CPT code	-50

\*Billing for moderate sedation requires that a separate trained individual be present to monitor patient's status
